

2016

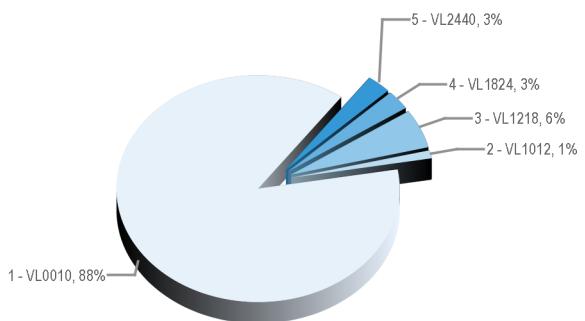

# MADEIRA ISLANDS

# Key figures 2016 in the region MADEIRA ISLANDS

## General technical characteristics

| Number of vessels | Total power (kW) | Total gauge (U.M.S.) |
|-------------------|------------------|----------------------|
| 432               | 16 198           | 3 960                |

Number of vessels per length class

## Technical characteristics of the mean vessel

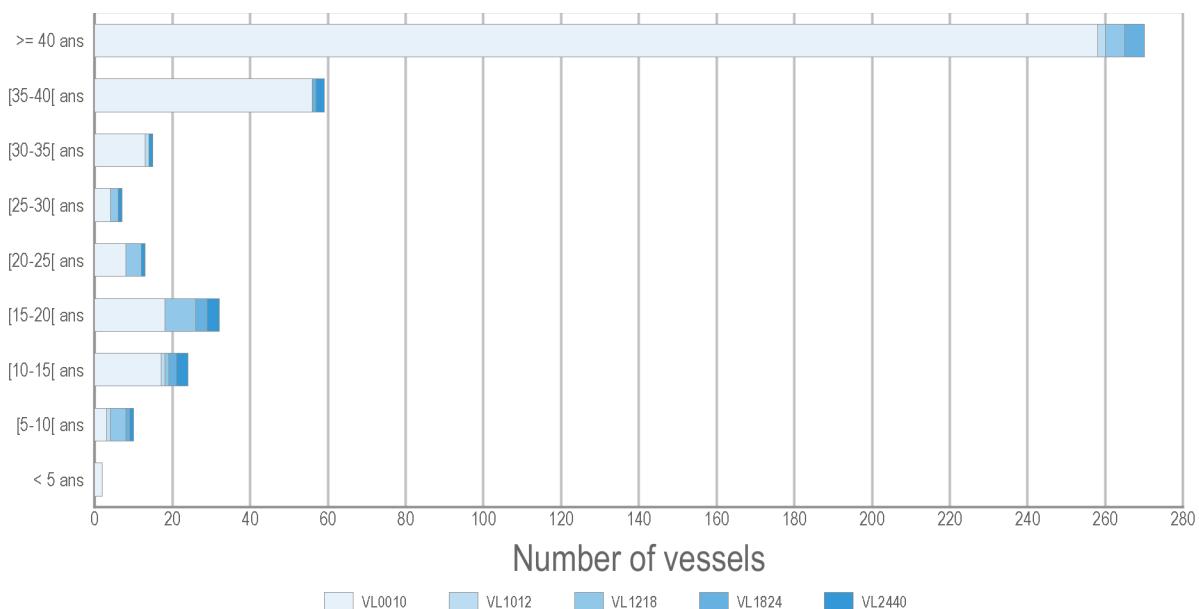

| Length (m) | Power (kW) | Gauge (U.M.S.) | Age (years) |
|------------|------------|----------------|-------------|
| 6,2        | 37         | 9              | 46          |

## Technical characteristics of the mean vessel per length class

### Technical characteristics of the mean vessel

| Category of length | Number of vessels | Average length (m) | Average power (kW) | Average age (years) | Average Gauge (U.M.S.) |
|--------------------|-------------------|--------------------|--------------------|---------------------|------------------------|
| VL0010             | 379               | 4,4                | 7                  | 48                  | 1,0                    |
| VL1012             | 5                 | 10,3               | 106                | 38                  | 10,3                   |
| VL1218             | 24                | 13,9               | 150                | 29                  | 27,2                   |
| VL1824             | 12                | 19,5               | 241                | 29                  | 51,1                   |
| VL2440             | 12                | 29,9               | 536                | 21                  | 190,2                  |

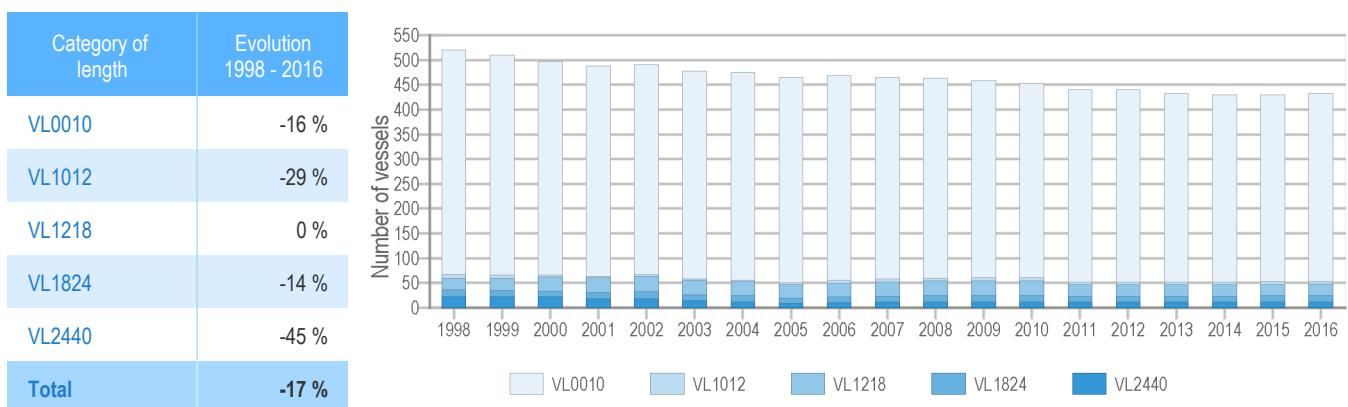

## Age pyramid of vessels

## Evolution 1998 - 2016

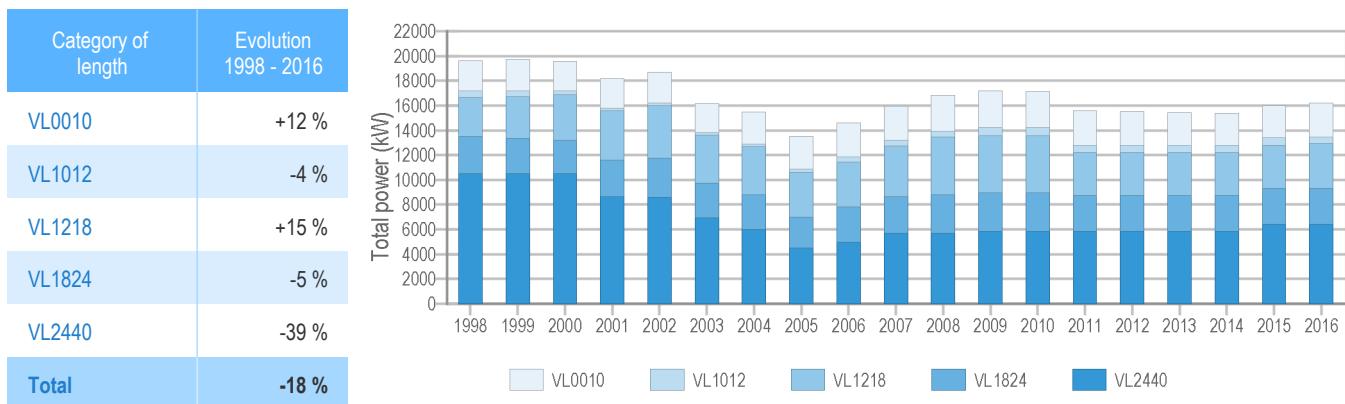

### Evolution 1998 - 2016 of the number of vessels per length class
